## EXPERIENCE

**JANUARY 2023 - PRESENT**

**SOFTWARE DEVELOPER - AGILE LEAD,** *SAGACITY SOFTWARE*

- Design AGILE organization, plan sprints and lead daily scrums.
- I mentor CO-OP students, teaching foundational JavaScript and how to deliver software in a business environment.
- Create technical requirements and communicate between developers and clients on full project delivery.
- Lead UI/UX oriented software projects, taking responsibility for the platforms frontend development.

**JANUARY 2021 - JANUARY 2023**

**CO-OP SOFTWARE DEVELOPER,** *SAGACITY SOFTWARE*

- Completed bug/feature tickets for a full-stack web energy smart-metering platform using React, PHP, Node and various scripting languages.
- Solely developed user-interface oriented projects.
- Used Photoshop to create client facing graphics.
- Developed backend web reports for management analytics.

## EDUCATION

**FANSHAWE COLLEGE** *GRADUATED 2022*

**COMPUTER PROGRAMMER ANALYST,** *CO-OP*

- Dean's Honour Roll GPA
